Champion by ROC-AUC, not by assumption

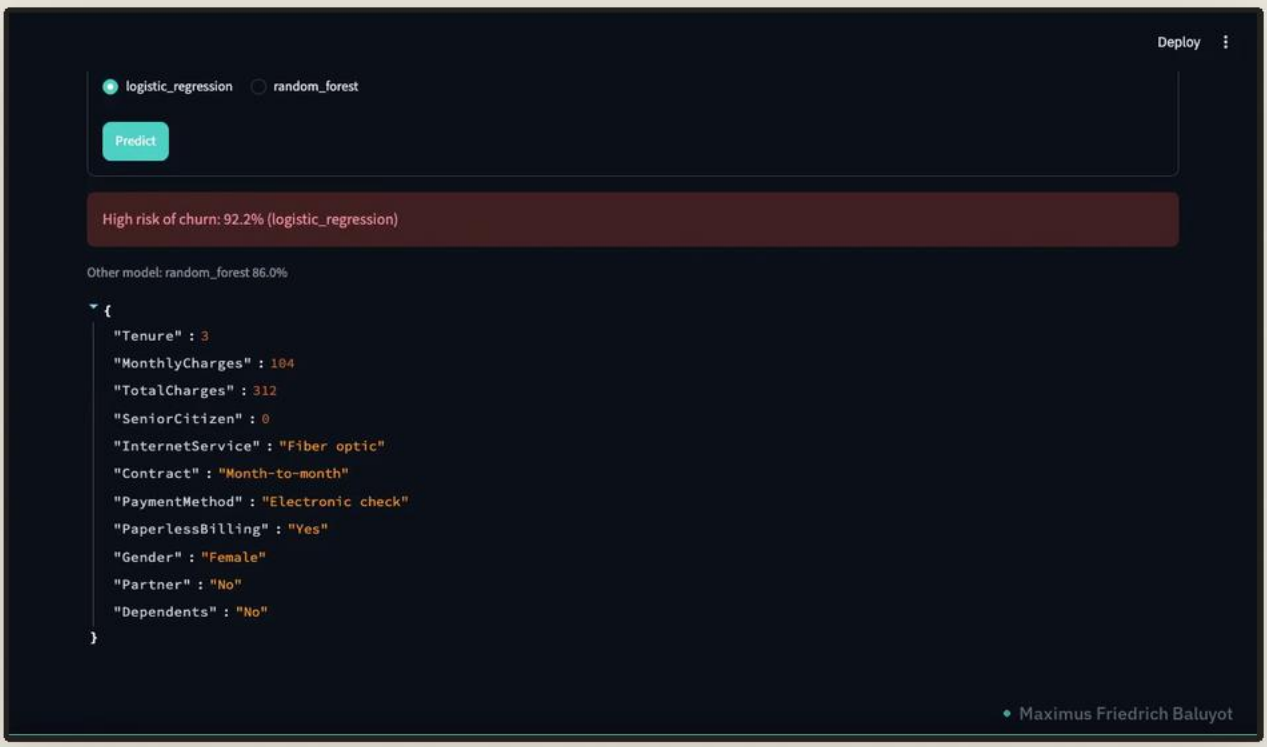

Maximus Friedrich Baluyot

2 models on the same holdout

ROC-AUC, 200 held-out rows

Two models, same 200 held-out rows

0.806

ROC-AUC · logistic regression · 200 held out

one limit

Synthetic data: no real customers scored yet.

And it ships.

Try it: Use sample customer, Predict.
